Dear Ms. Obermeyer:

Thank you for applying for the Alaska Statewide Mentor Project. Many highly qualified applicants applied for the mentor positions. The selection process was rigorous and difficult.

I regret that you were not one of the applicants selected for an interview, however, I am pleased that you are dedicated to the students you teach or have taught. It is my sincerest hope that you will continue to lead our life-long learners into the future of academic excellence.

Sincerely,

Barbara Thompson, Director
Teaching & Learning Support

Thank you, Theresa!
