Ms. Obermeyer:

Mary Kay shared with me your harassment of her on the phone many times yesterday. I want to be very clear with you. I have instructed her NOT to tolerate your rudeness or harassment and she is to hang up on you if your comments continue. Mary Kay should not have to be subjected to your anger and frustrations with me or the ASD. If it continues, I will write a "No Trespass" letter for this building and direct no one to receive your calls. I am also notifying the Anchorage Police Dept. of your behavior.

I will not reproduce your 94 page document at our expense. It is in the School Board office for any and all Board members to review if they choose.

Please remember that our employees are not to be directed by you to do anything.
