**Subject:** Fwd: Carol Comeau's Evaluation

Mr. Steele and Anchorage School Board:

As you know, I have not been allowed to have input into your evaluation, Ms. Comeau. I have always known that you, Ms. Comeau, do exactly as Jermain, Dunnagan & Owens, and Anchorage School Board tell you to do and it is very apparent that that includes not helping me.

In light of that, I find it appalling that your salary is so low compared to <http://www.apfboardconfirmation.org/mburns.html> or <http://www.apfboardconfirmation.org> on left click to "Current Players" at bottom "Mike Burns, Executive Director" "State of Alaska CEO Compensation" as reported in Anchorage Daily News today B-3. Possibly, you, Ms. Comeau, have a car and insurance benefits that would make your salary package higher. I believe if you, Anchorage School Board, do a "Salary Study" of salary and benefits of Superintendents in school districts of comparable size nationally, the average salary package would be higher than yours, Ms. Comeau. It is possible that NSBA has information on this topic that you could have forwarded to you very easily.

Please review Ms. Comeau's salary and benefit package in light of "State of Alaska CEO Compensation" prior to Anchorage School Board vote on the subject on December 17, 2007.

Thank you for your consideration.

Sincerely yours,

Theresa

Tim: I do not believe that I am allowed to email ASD. That is another bone of contention.

I have decided to drop off at your home my "loaded" Personnel File along with a little correspondence, my Alaska licenses, and my vita. I have attempted each summer since 2002 to apply for a teaching position in ASD. I have received two interviews in all these years; one in 2004 and one this past August 2, 2007. In each case, I was sent notice that I flunked my oral interview. I know that Ms. Comeau is the only level of accountability in ASD although I assume that she will try to blame others. I do not want to totally swamp you with documents. Tim, how could you and other School Board members have treated me the way you have when all I have ever done is tell the truth? I cannot understand because I see you particularly as a bright and decent person. I will also have sent to your address my confidential references. If you would like to read my dissertation, please let me know and I will drop it off. It is on file at Alaska Section, Loussac Library. FYI, because of Anchorage School Board and Ms. Comeau along with Alaska Bar Association, I cannot get reasonable professional employment. I assume you know that the wife of Stephen Van Goor, Bar Counsel, Alaska Bar Association, Mrs. Linda Van Goor, has worked for ASD since about 1980.

I also was amazed that you told me that I am not allowed to come at 9:30 A.M. on Friday, December 7, to discuss Ms. Comeau's evaluation. As you must know, it, therefore, is not a public meeting. Why was it advertised? Please let me know a date, time, and location that you would like for me to discuss in person Ms. Comeau's evaluation.

Also, I would like back at your convenience November, 2007 Journal of Lipid Research.

Please let me know when I will be able to discuss Ms. Comeau's evaluation in person.

Sincerely yours,

Theresa Nangle Obermeyer
